Dear sir / Madam,

First I take this opportunity to say hallow to you. days and Months have passed by without communicating with you. I was very sick early this year, but I thank Lord now I'm okey. I was admitted at Kenyatta National hospital for one week, I was suffering from phemonia and Ulcers. I thank you for your support because I managed to pay my hospital bill with the money which you are sending to me. The bill was ten thousands Kenyan shillings. I received the t-shirt that you send to me and I appreciated alot.

How about your sickness? Mama told me about it, I'm sorry about it. But don't worry I'm standing with you with prayers for quick recovering. I wish you good health and the Lord protect you always. Be blessed

Yours Faithfully
